Town Warrant

THE TOWN OF HUDSON, THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Alvirne High School Auditorium in said Hudson on Tuesday, March 8, 1966 next, to elect Town Officers for the ensuing year by ballot, for which purpose the polls will open at 10:00 A.M. and close at 8:00 P.M., and to act upon the following subjects at 7 o'clock in the evening:

1. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same.
2. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots.
3. To see if the Town will vote to authorize the selectmen to pledge the credit of the Town in anticipation of taxes, up to \$400,000.00.
4. To see if the Town will vote to authorize and empower the Selectmen to sell and convey any and all real estate acquired by the Town for unpaid taxes.

5. To see if the Town will vote to convey the following described parcel of land to Ledoux Bros. Construction, Inc.: A certain tract of land situate in Hudson, Hillsborough County, New Hampshire, containing one-fourth of an acre, and bounded and described as follows:

Beginning at a stake set in the ground in my Fuller pasture, so-called; thence

(1) North $7\frac{1}{4}^{\circ}$ east five (5) rods five (5) links to a stone set in the ground; thence

(2) South 81° west eight (8) rods to a stake; thence

(3) South $7\frac{1}{4}^{\circ}$ west five (5) rods five (5) links to a seam in a large rock; thence

(4) North 81° east eight (8) rods to the place of beginning, all by my other land.

Also including a right-of-way from the bars at the highway, southerly to said land, and along the easterly end of the same, for the purpose of drawing gravel, or any other necessary purpose.

6. To see if the Town will vote to appropriate a sum not exceeding \$400,000 for the purpose of constructing a new bridge and approaches located in close proximity to the present Taylors Falls structure in order to permit the establishment of efficient one way traffic movements both on the approaches as well as on the new and old structures similar to the scheme set forth in N. H. Department of Public Works and Highways' schematic plan for the so called Compromise "A" dated December 20, 1965; such sum to be raised through the issuance of bonds or notes, and to authorize the Selectmen to determine the date and place of payment of such bonds or notes and to determine the rate of interest thereon, and to take such other steps as may be necessary to negotiate such bonds or notes as shall be to the best interests of the Town of Hudson. By Petition.

7. To see if the Town will vote to raise and appropriate a sum not to exceed \$60,000.00 for the purpose of widening, improving and building of sidewalks on Chase Street. To build a new extension of Chase Street to Ferry Street, removing two homes on Ferry Street, move traffic signals from the Bridge area to intersection of Ferry and Chase Streets, synchronizing same with Library and Ferry Street signals, generally following

a plan worked out with the N. H. Public Works & Highways Dept. and to authorize the Selectmen to raise such sums of money through the issuance of bonds or notes under and in compliance with provisions of the Municipal Finance Act (Chapter 33 of the N. H. Revised Statutes Annotated) and authorize the issuance of and negotiation of such bonds or notes and to determine the rate of interest thereon and the time and place of payment thereof and to take such other action as may be necessary to effect the issuance, negotiation and rate of interest of such bonds or notes as shall be in the best interest of the Town of Hudson. The amount to be raised this year through direct appropriation to be \$6,000.00.

8. To see if the Town will vote to have the State Tax Commission reappraise all the taxable property in the Town. Also, that this reappraisal by the State Tax Commission be a continuous practice applied to all new construction in the Town for the years following the general reappraisal of all the properties in the Town. This procedure shall remain in effect until rescinded by the voters of the Town at some future annual town meeting. By petition.

9. To see if the Town will vote to increase the salaries of the five (5) regular police officers by \$200.00 each, making their annual salary \$5,400.00.

10. To see if the Town will vote to establish the maximum hourly pay scale for the highway employees as \$2.40 per hour and to authorize the Selectmen and Road Agent to establish rates of pay for employees, within the \$2.40 rate, determined by the job classification and length of service and to raise \$2,500.00 this year for same, effective week ending April 9, 1966.

11. To see if the Town will vote to hire an additional employee for the Highway Department and to raise \$3,500.00 for this year.

12. To see if the Town will vote, under Town Officers' Salaries, a raise of \$50.00 for the Trustee of Trust Funds and a \$300.00 raise for the Tax Collector, making the Trustee of Trust Fund salary \$200.00 annually and the Tax Collector salary \$4,000.00 annually.

13. To see if the Town will vote to authorize the Selectmen to purchase, for the use of the Highway Department, a diesel 10 - 12 ton roller, a 5 - 7 ton truck chassis, a salt and sander body and a plow assembly for a sum not to exceed \$30,000.00. \$6,000.00 to be raised this year and issue and negotiate four notes of \$6,000.00 each, payable in 1967, 1968, 1969 and 1970, in accordance with provisions of the Municipal Finance Act (Chapter 33 of the New Hampshire Revised Statutes Annotated) and authorize the issuance of and negotiation of such bonds or notes and to determine the rate of interest thereon and the time and place of payment thereof and to take such other action as may be necessary to effect the issuance, negotiation and rate of such bonds or notes as shall be in the best interest of the Town of Hudson.

14. To see if the Town will vote to authorize the Selectmen and Police Chief to initiate the extra night police patrol, hire the officers and purchase the equipment necessary for the patrol. The estimated annual cost to be \$18,000.00. This patrol to start July 1, 1966 as per breakdown in the budget and Town Report, and raise the sum of \$10,700.00 for this year.

15. To see if the Town will vote to purchase 17 acres, approximately, on the shore of Robinson Pond from Charles Parker for a Community Recreation Area for the sum of \$50,000.00 and to raise the sum of \$5,000.00 each year for ten years for the purchase of same, and to authorize the Selectmen to negotiate for the purchase of this property.

16. To see if the Town will vote to purchase the former Sunny Acres Trailer Park for a Town Park for the sum of \$36,000.00, raising \$4,000.00 this year, and to authorize the Selectmen to negotiate and issue 8 notes of \$4,000.00 each payable each year for the next 8 years in compliance with the provisions of the Municipal Finance Act (Chapter 33 of the New Hampshire Revised Statutes Annotated).

17. To see if the Town will vote to raise \$2,500.00 for the purpose of establishing voting precincts, check lists, voting booths, etc., if the representative Town Meeting form of government is voted in the affirmative on the ballot.

18. To see if the Town will authorize the granting of a license to operate a trailer park or court to Sunny Acres Trailer Park, Inc.

19. To see if the Town will vote to rescind action taken at a previous Town Meeting to eliminate the publishing of the monies paid out such as those published on pages 78, 79, 80, 81 and 82 in the annual Town Report of 1964.

20. To see if the Town will vote to purchase approximately 70 acres of land from Sterie Paleosolite to be used as a source of gravel and future public works garage for a sum of \$50,000.00 subject to negotiations with the owner. This sum not to be a bond issue, but payable to the owner on the basis of \$10,000.00 per year, plus interest, for 5 years. The amount of \$6,000.00 to be raised as a special appropriation this year and \$4,000.00 to be taken from the Highway sand & gravel appropriation, and to authorize the Selectmen to negotiate such a purchase.

21. To see if the Town will authorize the Selectmen to sell and convey that part of the land, conveyed to the Town by Etienne J. Levesque by deed recorded in the Registry of Deeds Volume 1604, Page 165, which was not used for the laying out of Birch Street.

Given under our hands and seal this 9th day of February in the year of our Lord nineteen hundred and sixty-six.

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
SUMMARY OF FINDINGS AND RECOMMENDATIONS**

March 4, 1965

Board of Selectmen
Hudson, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Hudson for the fiscal year ended December 31, 1964, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Hills Memorial Library and Sewer Fund Account.

Financial Statements

**Comparative Balance Sheets: December 31, 1963 -
December 31, 1964: (Exhibit A-1)**

Comparative Balance Sheets as of December 31, 1963 and December 31, 1964, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$34,601.95 in 1964.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt

Net Budget Surplus	\$ 16,111.08	
Bonds and Notes Paid	22,400.00	
	<hr/>	
		\$ 38,511.08

Increase in Net Debt

1963 Social Security and Retirement Adjustments	\$ 1,678.88	
Tax Liens Transferred to Tax Deeds	2,230.25	
		<hr/>
		3,909.13
		<hr/>
Net Decrease		\$ 34,601.95

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues:

(Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1964, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$11,130.14, plus a net unexpended balance of appropriations of \$4,980.94, resulted in a net budget surplus of \$16,111.08.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1964, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1964, is indicated in Exhibit B-2.

Statements of Sewer Fund Account: (Exhibits B-3, B-4 & B-5)

Statements of the activity in the Sewer Fund Account during the fiscal year are presented in Exhibits B-3, B-4 and B-5.

Statement of Long Term Indebtedness: (Exhibit G)

A statement of outstanding long term indebtedness as of December 31, 1964, showing annual debt service requirements, is contained in Exhibit G.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

General Comments

Current Deficit:

The current deficit (excess of current liabilities over total assets) decreased by \$12,201.95, from \$15,811.25 to \$3,609.30, in 1964, as shown herewith:

	December 31, 1963	December 31, 1964
Total Assets	\$269,337.75	\$298,586.13
Current Liabilities	285,149.00	302,195.43
Current (Deficit)	<u>(\$ 15,811.25)</u>	<u>(\$ 3,609.30)</u>

Surety Bond:

The surety bond of the Town Clerk should be increased from \$6,000.00 to \$12,000.00.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Hudson for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Hudson for the fiscal year ended December 31, 1964. In our opinion the Exhibits included herewith reflect the true financial condition of the Town on December 31, 1964, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,
HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

THE YEAR 1965

The year 1965 has become a year in history. It will be well remembered by all of the Town officials and employees as one which required the utmost in time and effort.

The construction of the new Town Office Building was started in the spring and finally completed, after many delays, so that we could move in early in December. It houses the offices of the Town Clerk, Tax Collector, Police Department and the Selectmen for full-time offices, besides those of the Planning Board, Building Inspector, Board of Adjustment and Check List Supervisors, who meet on specified evenings. The building also has a very pleasant meeting hall which will seat approximately one hundred. The Police Department and Selectmen have about four times the space which they had in the Fire Station. The Conference Room, which adjoins the Selectmen's office gives us a comfortable room to confer with the Town's people and visitors. We welcome any of you who have Town problems to meet with us on Monday evenings from seven o'clock on. This building will greatly improve the working conditions and favorably impress visitors.

The growth of the Town has greatly increased the workload of our two largest departments, ie. the Police and the Highway Departments. Both of their budgets and that of Sewer Maintenance were over-expended. It is exceedingly more difficult to anticipate in January how the growth will effect the budgets. However, when all was considered, the total budget was unexpended by \$6,717.86 and the revenue was up over \$19,000.00, so that we ended the year with a budget surplus of \$23,260.00. This surplus was over the amount of \$4,500.00 which was an emergency expenditure to correct the sewage problem at the Library and School Street intersection. In the past few years, an appreciable rain fall has caused raw sewage to overflow into the street as the main line was not large enough to handle the increased sewage and the surface water. At a conference with the Budget Committee, it was decided that a definite health hazard existed and should be corrected without delay.

The Highway Department, under the direction of Road Agent, Carl Leaor, has completed more work this year than ever before. We operated with the shortage of two and three men for many weeks, but with the added effort of the remaining crew, who worked upwards to 500 hours of overtime each, we completed a very successful year. All the backlog of work, with the

exception of Melendy Road, Derry Lane and the Davenport Road, was completed to our satisfaction and also exhausted all money voted.

The major T. R. A. projects were the extensive relocation and widening of portions of the Bush Hill and Wason Roads; considerable improvements to the Kienia and Pine Roads; and the expenditure of much time readying Ferry Street for resurfacing and sidewalks. These projects are a great improvement to the flow of traffic and the safety of pedestrians. The resurfacing of Library Street from Ferry to Highland and the completion of the sidewalk construction surrounding the park has done much to improve the appearance of this area.

Miles of surfacing was done in the new developments of the R. & H. Builders, Lamson Construction, Alvirne Estates, Birchcroft, Winnhaven, Rae's Drive, etc.

The employees of our Highway Department worked on many projects outside of actual highway work. The playground was moved; backstops were erected at the Hudson Center Playground and the Alvirne Field; slides and swings set up at Hudson Center; voting booths were repaired; the offices of the Town Clerk and Tax Collector, the Selectmen, Police Department and the Planning Board were moved into the new Town Building and the parking area for this building was constructed.

The Police Department is also being taxed to its limit. The increased number of calls and complaints, additional traffic, parking problems, a greater number of accidents and door checks are getting more than can be accomplished in a twenty-four hour day.

We wish to commend the Police Department for very ably discharging the tremendous work load and demands of a rapidly growing community in 1965. We were pleased to hire William Twardosky as the fifth police officer, and with this addition, we now maintain a two-man patrol in the late evening and early morning hours. Another woman School Guard was hired and is stationed at the corner of First and Ferry Streets. Since this is a very busy crossing, we feel that her services greatly insures the safety of our children.

The new rotary pattern which was established this year from 4:00 - 6:00 p. m. has helped the flow of traffic to a great extent, however, as the traffic increased, it became evident that this plan is needed twenty-four hours per day. On this basis

there will be a need for relief on Library Street which will be proposed in the coming year.

The Fire Department did their usual excellent job in fire suppression. Most fires were taken care of with the water carried in the apparatus. Water holes and brooks have been at an all-time low and useless much of the time. Three businesses were burned out — the Whip-Poor-Will club house, the Pine Acres restaurant and Connie's stand. All of these had a considerable head start before they were discovered. The dump, as usual, required many hours of suppression as well as controlled burning.

The dog problem is ever-present. We are constantly receiving complaints of dogs molesting children, damaging lawns and shrubs and making a general nuisance of themselves. If dog owners do not give their animals proper care and curtail their following children to school and running wild and in packs, it will be necessary to pass an ordinance to control them. We hope this will not be needed, so let us, one and all, try to keep our pets at home.

We were fortunate in filling two positions this year by persons whom we know will have an interest in the work and do a good job. Lester Gove, Sr. accepted the position of Health Officer and we know that he will take the time and interest to do an excellent job. Mrs. Nada Herbert was hired as a part-time clerk in our office. She is doing an excellent job and we feel very fortunate to have her with us.

The work-load in the office is increasing steadily as the growth of the Town is naturally reflected in our department. Because of this, we have requested an increase in Mrs. Herbert's salary to cover approximately thirty hours of work per week.

We have met with the Planning Board two or three times a month on the new Comprehensive Plan which is nearing completion. It should be a very helpful guide to controlled growth through land use, zoning sub-divisions, financing, etc.

The bridge, again, has been a major problem. Proposals and counter proposals have been made by nearly everyone. Some call for a bridge located to the north of the present Taylors Falls bridge, while others favor a location to the south. All of the new proposals are within 200 ft. of the present bridge and use the existing streets within a few hundred feet as a rotary. None of these plans seem to us to be in the best interest of Hudson. We have had many meetings with the Planning Board, Budget

Committee and Road Agent to see if any of these plans would work satisfactorily.

We might state here that any bridge at any location would help, but what we must consider is, which plan will serve the Town best today and in the future and also our ability to pay for such a plan. We have studied the land and building acquisition and the cost of plans presented to us runs in excess of \$700,000.00. In addition to this there would be a tax loss each year, until the area relocates, of \$18,000.00. Taking all of this into consideration, we do not feel that we should be justified, at this time, in endorsing any of the plans which are presently being offered.

We should like to express our appreciation to many who aided in the many accomplishments for 1965.

We want to thank the School Board and the department for the surplus returned this past year. The fine management of the largest single budget in the Town, approximately 59%, helps keep the tax rate down.

The Highway Department for their efforts in keeping our streets and roads in the excellent condition which makes them second to none in this area, and for the various other accomplishments mentioned previously in this report.

The Police Department for keeping crime to a minimum as well as their extra effort in making the one-way pattern work so satisfactorily.

The Fire Department for their efforts in fire suppression and particularly their work at the dump.

The Planning Board under Kenneth Clark has more than done its share in attending meeting after meeting on the Comprehensive Plan as well as their regular meetings.

The Building Inspector and Board of Adjustment have taken care of their work so well that complaints were at a minimum.

The Budget Committee has been very fair. We have had to justify our expenditures to them, but they realize the growth of the Town would cause slight deviations in the budgets and have been willing to accept them.

We should like to take this opportunity to thank Mrs. Hammond and Mrs. Herbert of our office for the fine work they are doing. Mrs. Hammond, with her knowledge and experience, has

saved us many hours of work.

To the many others who have contributed in one way or another in helping to make the year of 1965 a good year.

FORECAST

Our problems for the year 1966 are many. The Town has grown very rapidly and the population is now estimated at about 8,000, which in itself, demands that we keep pace by the growth of our departments.

Requests by you people for faster and better police service, plowing, salting, road repairs and road building over the last few years have finally convinced us that these things are necessities.

We are setting up the budget and an appropriate article in the Warrant to add a second police car and man power to operate this vehicle during the evening and early morning hours. It would be nice if we could afford to operate it all day, but for the next couple of years, we think the extra night patrol will prove adequate. We propose that the second vehicle be a wagon equipped for emergencies, but not to replace ambulance service. It will be necessary to hire two more officers and use the specials the same as we are now doing on the present patrol. The cost will be about \$10,000.00 for six months this year and about \$18,000.00 a year thereafter.

In order to keep up with the highway expansion, we shall need some new equipment. The old, worn-out roller should be replaced by a new one. There is a need for a new truck and salting body, so we suggest buying a chassis, salt body and plow assembly. The salt body would be put on the 1961 White dump truck and the dump body from this truck would go on the new truck. This would extend the life of the White truck and give us an extra plow and salter. Except for the replacement of equipment, this should be sufficient for three or four years.

The need for three or four additional men for the Highway Department is ever present, but with the employees willingness to work Saturdays, we can meet the need by hiring only one man. In this way, we can produce more with the same amount of equipment for a lower figure than it would cost us to hire three men and to purchase the necessary pieces of equipment for them to use and work only forty hours per week.

We also intend to insert an article in the Warrant to use and widen Chase Street and build a new street from School to Ferry, which would be one-way and have sidewalks on both sides. This would require the removal of two houses on Ferry Street — those of Douglas Harris and Peter Laflamme — and there is a good possibility that these could be moved. It appears that the cost of this project would be approximately \$50,000.00. It would give us a parallel to Library Street which would allow us to separate the one-way traffic so that the Manchester, Litchfield and Derry area traffic would use Library Street and the Nashua and bridge traffic would use the new street.

To refer to the bridge problem again in this section of our report, we admit to the need of a bridge as well as a belt line. The cost to us is our main problem. The question is whether rotaries at either end of the present bridge and a new bridge a few feet away would remedy the congested traffic on the streets feeding to the bridges. We think not, and certainly not at the cost projected by the State of \$350,000.00. Between now and Town Meeting, many things could change the picture. If a solution as to location and finances is presented to us, we shall try to get this information to you.

THE BOARD OF SELECTMEN

The taxes are indeed very heavy, and if those laid by the government were the only ones . . . we might easily discharge them . . . We are taxed twice as much by our idleness, three times as much by our pride, and four times as much by our folly; and from these taxes the commissioners cannot ease or deliver us . . .

BENJAMIN FRANKLIN

HUDSON POLICE DEPARTMENT REPORT 1965

As you all know, we have a traffic problem at the Hudson bridge. Traffic is very heavy in the morning when people are on their way to their places of employment, during the noon hour and again late in the afternoon.

The "No Parking" restriction on Ferry Street between the hours of four and six in the afternoon has been a help. An officer is needed there most of the time because there are still those who do not believe in signs. They still insist on parking, which tends to slow down traffic considerably.

The one-way pattern on Central Street is also a great help, but some still insist on coming and going as they please, regardless of signs posted on all of the streets which enter Central Street from Library Street to the bridge.

There are two men assigned to the cruiser for night duty. These men have rendered aid in many instances. They have helped stranded motorists, assisted the Fire Department by directing traffic, assisted the ambulance in emergencies and regular calls, checked buildings which has resulted in a great reduction of thefts and house breaks and checked out suspicious persons. In addition to all of these things, they responded to the innumerable and varied calls which came in each night.

We have had two training sessions a month with the regular and special officers where they have been instructed in all phases of police work and in administering oxygen in emergencies.

During the winter months of 1965 the meetings were held in the Fire Station until we moved into the New Town Building in December and met in the large meeting room in that building. The summer sessions are usually held at the rifle range during the evening when most of the men are free from their work. A great deal of instruction in the use of firearms is given at the range. In addition to the training for the regular and special officers, the auxiliary officers are also drilled in the use of firearms and instructed in accident investigation. From this trained group, we select our special officers. All of the officers—regular, special and auxiliary—have spent considerable time, without cost to the Town, at meetings and working at the rifle range so that they may be better equipped to protect you and your families. I am proud of these men who are willing to give so much of their time for only the satisfaction of doing something to make our com-

munity a better and a safer place in which to bring up our families.

We have received the usual wonderful co-operation from the officers and the Selectmen and want to thank them for it. In working as a team, a great deal can be accomplished. The officers' wives deserve a great deal of credit for their patience and understanding.

Respectfully submitted,

ANDREW J. POLAK

Chief of Police

THE FOLLOWING ARRESTS WERE MADE

- 18 Operating under the influence
- 121 Speeding
- 1 Overloaded vehicle
- 7 Petty larceny
- 5 Participating in a brawl
- 15 Stop sign
- 49 Center line
- 11 Possession of alcoholic beverages by minors
- 3 Reckless operating
- 14 Operating without a license
- 4 Red light
- 6 Larceny of motor vehicle
- 2 Unregistered motor vehicle
- 4 Hit & run — leaving the scene
- 3 Unregistered motor vehicle
- 4 Passing school bus with flashing lights
- 1 Non-support
- 3 Defective equipment
- 14 Drunk
- 1 Assault & battery
- 93 One-way street violations
- 1 Driving as to endanger
- 4 Soliciting junk without a license
- 7 Operating after revocation of license
- 2 Operating without corrective glasses
- 3 Uninspected vehicle
- 2 Loitering — refusing to disperse
- 8 Trespassing

- 6 Dumping rubbish on highway
- 4 Failure to yield
- 2 Derisive words
- 2 Breaking & entering
- 2 Escapees from Industrial School
- 4 Escapees from State Hospital

COMMITMENTS AND PERSONS APPREHENDED

- 5 Taken to State Hospital
- 4 Taken to Industrial School
- 4 Taken to Grasmere — (County Farm)
- 7 Taken to Hillsborough County Jail

DEATHS

- 2 Natural causes
- 1 Auto fatality

AUTOMOBILE ACCIDENTS

On November 26th, we had our first fatality in 837 days.

The following accidents were investigated:

- 1 Fatal accident — 1 car involved
- 7 Pedestrian
- 93 Two cars involved
- 4 With bicycle
- 13 With trees
- 18 With utility poles
- 16 With parked cars
- 2 With stop signs
- 2 With mail boxes
- 1 With fence
- 1 Four-car accident
- 5 Three cars involved
- 1 With motorcycle
- 5 Where cars rolled over
- 77 Accidents reported with minor damage under \$50.00.

The increase in the number of new homes and the addition of many new streets has multiplied the demands for services upon your police department.

MISCELLANEOUS

Over 1,000 vacant homes were checked by request of the owners.

126	Doors found unlocked and unsecured
59	Windows found unlocked
33	Persons located
107	Ambulance runs assisted
7	Emergency runs by Chief's car
14	Emergency runs by Cruiser
219	Lights reported out to Public Service
544	Vehicles checked
211	Warnings issued for defective equipment
120	Parking violations
480	Bicycles registered

Whenever a larceny, house break or theft occurs, considerable time is spent in the investigation. Countless miles are driven, mostly with my personal car. This past year, over ten thousand miles were registered on my vehicle alone while working on investigations. This does not include the mileage put on the private cars of the officers of your police department.

Another cruiser is very badly needed. Actually, my car, which is equipped with radio, serves as a second cruiser when it is in use on police work. I assist the officers in their investigations of accidents during the day and also at night.

FIRE DEPARTMENT REPORT 1965

The perilous factor of drought was with us again in 1965 for the third successive year, which required your Fire Department to spend many hours in fire prevention. My officers and firefighters, always alert for the fire hazards surrounding them, made an all-out drive to keep the public aware of these conditions.

This year, we issued 380 fire permits for outside burning when conditions were favorable. Many of you were refused permits when we felt conditions were not right. Others, after talking with Fire Department officials concerning their responsibility while burning, even though some of them could have had permits, decided it was best not to burn and carried their rubbish to the dump, which is the safest and wisest way of disposing of combustible material.

The co-operation of the Town's people was outstanding and as can be seen by my yearly report, this has paid good dividends. There were 49 fewer alarms in 1965 than there were in the previous year, even though the Town's population is steadily increasing. Even though we had a lower number of alarms, we had a few very bad building fires. Many had a considerable head start before being spotted, while others were fires caused by carelessness, so that we urge people to check their homes and property for the following hazards:

1. Before leaving your home or place of business make a complete fire check.
2. If you use extension cords make sure they are well made cords. If not in use, unplug from socket.
3. Use proper size fuse in electric box. When using right fuse and one blows, it is time to investigate for trouble. When using wrong size fuse and fuse doesn't blow then you have hot wires going through your home. This could cost you your life as well as your home.
4. Keep your home free from combustible material. Don't save it — destroy it.
5. Don't use an incinerator without cover, especially on windy days. Remember the one who lights the match is the one responsible for damage even though you may have a permit.

6. Explain all danger of fire to your children. Always leave them with well trained sitters and **never** alone — they are your loved ones.
7. Don't smoke in bed. It could cost your property or a life. This type of fire has occurred in our Town and it could have been fatal.

Our largest number of alarms were due to careless brush fires and some were caused by children who weren't taught to fear the danger of fire.

In the past year, your Firemen have spent many hours of training on hazards as well as fire fighting. They have completed a course on ladders and rescue work from ladders, a course on ropes and rescue with ropes, masks and resuscitation. The instructor of the courses was a Drill Master from the Division of Safety Service Board of Fire Control from Concord, New Hampshire.

In conclusion, I wish to thank you for the fine co-operation in helping to eliminate the FIRE HAZARDS.

CHIEF OSCAR P. CAMPBELL

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush;
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5:00 P.M.
 - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing the State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

Warden

RECREATION COMMISSION REPORT FOR 1965

Playground activities were carried out from June 28th through August 28th under the direction of the Town Recreation Commission with Playground Director Dalton Blodgett and playground personnel, Steven Cady at the Dr. H. O. Smith playground and Thomas McNeil at the Hudson Center Playground. The Craft program at both playgrounds was under the direction of Mrs. Maurine Hutchins. The Girls' Softball Team was coached by Mr. Blodgett, assisted by Mr. Alton Crowell. Miss Kay Herbert was in charge of the reading hour and quiet games.

Craft classes were held three afternoons each week at the Youth Center and one afternoon each week at the Hudson Center Playground. We hope next year to have two days of crafts each week at Hudson Center in order to divide the children into two age groups. Many new ideas and specific skills were taught and most projects were planned to allow creativity and imagination by the children.

The Girls' Softball Team provides the older girls with recreational activities and much enjoyment. The girls won 12 games, tied 1 and lost 4.

The exterior of the Youth Center and the kitchen were painted this year. The building is being used each day, afternoons and evenings, and sometimes mornings.

Registration increases each year at the playgrounds and for craft classes, necessitating more equipment and more personnel. During 1966, we hope to add a Merry-Go-Round and little tots' Chair Swing Set to our equipment. Equipment which we have at present will be repaired and painted before this year's playground season opens.

We closed the season with a Field Day and Craft Exhibit.

We wish to express our appreciation to every person or organization who in any way assisted or donated to the Recreation Commission during the past year.

ROGER M. BOUCHER, Chairman

PLANNING BOARD REPORT FOR THE YEAR 1965

The Town Planning Board held a total of 32 full board meetings during calendar 1965. In addition to the twelve regular monthly meetings, two special meetings were held to facilitate subdivision work. During the course of the year fifteen meetings were held with the planning consultants from Metcalf and Eddy. The Planning Board conducted three public hearings in 1965. These hearings concerned themselves with the comprehensive plan, establishment of a fee schedule for building permits and a buffer zone at the town dump area. A total of 35 new subdivisions were approved, this represents a decrease of 13 over the previous year.

The year of 1965 will be noted as the year of the comprehensive plan. During the year the board members spent many hours in meeting with the planning consultant and many more hours in reviewing and studying the various reports submitted. During the course of 1965 the Metcalf and Eddy planners submitted 6 preliminary reports to the board as part of the development of the comprehensive plan. By title these reports included: (1) Population, (2) School Facilities Study and Plan, (3) Existing Land Use and Capabilities, (4) Utilities, Community Facilities, Future Land Use Plan, (5) Streets and Parking Study and Plan, (6) Economic Base Study. Expected shortly after the first of the new year is the final preliminary report entitled "The Implementation Report". Included in this report will be recommendations on zoning and subdivision regulations, recommendations in other control areas such as building code, housing and sanitary standards. Also included will be a capital budget and capital improvements program. The final comprehensive plan is expected to be completed and ready for public hearing shortly following the annual town meeting.

The planning board will recommend the adoption of a completely revised zoning ordinance at the 1966 annual town meeting. Several public hearings will be conducted on the proposal. The present town zoning ordinance dates to 1942 and has not received other than spot attention since that time. In the ensuing 24 years the town has grown from a rural farming community of 3500 residents to a thriving urban community of 8500 residents and land use regulations have not kept pace. Proper use of the comprehensive plan, soon to be completed, will place the community into a growth pattern that will give us our best insurance of an orderly and prosperous growth. A new and modern

zoning ordinance and subdivision regulations are two principal implements in affectuating the comprehensive plan. The planning board urges all citizens to familiarize themselves with the proposed new zoning ordinance and to support the proposal on the ballot at town meeting.

The second bridge crossing between Nashua and Hudson remains unsolved. Planning board members attended several meetings on this problem throughout the year. The meetings involved Hudson Selectmen and officials from Nashua and the State Highway department. A solution to the problem has been offered by the State Highway department that involves the business area at the bridge plus a start on a circumferential belt loop around the town. While this solution has many points of attraction to the Planning Board it is felt that the town's share of cost is far too high. A compromise in this area is a possibility and could affect a start on the long sought second bridge.

With regard to the bridge problem the planning board supports a Board of Selectmen proposal to extend Chase Street from School to Ferry Street with the introduction of a circular traffic pattern to offer substantial relief to bridge traffic problems.

Looking forward to 1966 the Planning Board will present the finalized comprehensive plan and will work closely with all town agencies to see that all are familiar with its recommendations. We invite all citizens to visit our new quarters in the Municipal Building. Planning Board meetings are held on the fourth Thursday of each month.

BUILDING INSPECTOR'S REPORT FOR 1965

Total Number of Permits Issued	267
Single-family dwellings	170
Two-family dwellings	5
Four-family dwellings	2

Bunk house	1
Foundations	4
Gasoline Service Stations	1
Screen house	1
Additions	14
Alterations	6
Brooder houses	1
Total Number of Permits Issued	<hr/> 267

Eleven building permits were refused during the year 1965, and these were appealed to the Zoning Board of Adjustment. Variances were allowed, and permits were issued at a later date.

Permits were refused for a new and used furniture shop and a sawmill because of zoning restrictions, but were allowed for an ambulance service on Highland Street and a gift shop on Ferry Street.

There were six "Stop Work" orders posted this year, but all were lifted after necessary corrections were made. Two 1964 "Stop Work" orders were still in effect as of December 31, 1965.

The total number of permits issued in 1965 was down by twenty-one from the previous year. There was an increase in single-family dwellings of twenty-one over those of last year, while two-family and four-family dwellings were down eight and two respectively.

The total estimated cost of new construction in 1965 was \$2,737,580, which includes the new Town Office Building. The amount estimated for private construction was \$2,660,400.

Building permits fees collected from March through December amounted to \$1,024.00.

Respectfully submitted,

RICHARD E. MILLARD
Building Inspector

BOARD OF HEALTH REPORT FOR 1965

Boarding homes inspected for sanitary conditions	6
Boarding homes licensed in Hudson	15
Complaints on septic tanks inspected and corrected	4
Trailer Park closed for unsanitary condition	1
Apartment houses not keeping storage rooms clean	3
Complaint from development cesspool — recommended fencing same	
Percolation tests for new homes — septic tanks checked	4
Restaurant fire inspected and remains condemned	1
Scarlet fever cases reported	2

Inspected restaurants and barber shops periodically during year
I wish to thank the residents of Hudson for their co-operation in
taking care of these conditions as they were pointed out to them.

REPORT OF LIBRARY TRUSTEES

The plans to open a Children's Library received several setbacks during the course of the year. The two major delays were caused by the nonavailability of a suitable librarian and the lukewarm response to our inquiries for quotations for contractual services. Significant progress was made in both of these areas during December with the employment of Mrs. Elizabeth Burns, 4 Cummings Street, as the Children's Librarian and the securing of firm commitments for plumbing and construction work. January 17, 1966, has been tentatively set as the target date for the opening of the Children's Library.

During the year the planned modernizing of the Library continued with the procurement of additional furniture, the installation of a new lighting system and the construction of a librarians' workshop storeroom in the basement. In addition, night lights around the building were installed, and the picture over the fireplace was rejuvenated.

The Hudson Improvement Group continued to provide much-needed assistance in the area of landscaping, general cleanup and assistance in preparing for the opening of the Children's Library.

The resignation of Miss Laura Joy, effective December 31, 1965, was accepted with regret by the Trustees. The new adult librarian will be Mrs. Margaret Aldrich of Derry Road.

The Trustees, on behalf of the townspeople, would like to thank Miss Joy for her many years of faithful service and untiring efforts in the performance of the important position of librarian. Our thanks are also extended to the Hudson Improvement Group and the many other "Friends of the Library," for their donations of time and money.

We would also like to extend our best wishes to Mrs. Burns and Mrs. Aldrich, our new Librarians, and are looking forward to a very successful year of progress.

JOHN W. FALLON

ORDINANCE

An Ordinance Relating To Parking

On Certain Portions of Ferry, Central, Derry Streets

And Lowell Road And Others

April 21, 1965

BE IT ORDAINED by the Board of Selectmen for the Town of Hudson, New Hampshire:

To amend the Ordinance adopted July 5, 1963 by adding the following:

1. The parking of motor vehicles or other vehicles shall not be permitted for any reason between the hours of 4:00 p.m. and 6:00 p.m. Mondays through Fridays except Holidays.

(a) Ferry Street on southerly side from its intersection of Central Street to a point 200 feet easterly of the easterly side of Campbell Avenue.

(b) Ferry Street on the northerly side from the intersection of the westerly side of Webster Street to Taylors Falls Bridge.

Any person violating this Ordinance shall be subject to a parking violation fine at the Police Station of \$1.00 for the first offense, \$2.00 for the second offense and a maximum fine of \$25.00 for the third offense in Municipal Court.

This Ordinance shall take effect May 3, 1965.

Filed: April 28, 1965

School Warrant

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Hudson, New Hampshire qualified to vote in district affairs:

You are hereby notified to meet at the H. O. Smith School in said District on the fifth day of March, 1966, at one o'clock in the afternoon, to vote for officers and Articles 1, 2, 3, and 4. Polls will be open from 1 p. m. to 9 p. m. Action on remaining Articles will begin at 7 p. m.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

7. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for the school district and agents and for the payment of the statutory obligations of the district.

8. To see if the district will authorize the School Board to make application for and to receive in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire or any other federal or state agency.

9. To see if the district will vote to accept the provisions of Title III, Public Law 89-10 (Elementary and Secondary Education Act of 1965), and to appropriate such funds as may be made available to the district under said Federal Act for such particular projects as may be determined by the school board. Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such projects as it may designate.

10. To see if the District will vote to acquire for school purposes a parcel of land to be used as the site for a future elementary school and to appropriate a sum not to exceed Thirty-two Thousand Dollars (\$32,000.00) for the aforesaid purposes; and to raise said sum by the issuance of bonds or serial notes not exceeding Thirty-two Thousand Dollars (\$32,000.00) in principal amount, in accordance with the provisions of the Municipal Finance Act, Chapter 33 of the Revised Statutes Annotated, as amended; and to authorize the District Treasurer with approval of the Hudson School Board to issue and sell said bonds or notes in the name of and on the credit of the District, said District Treasurer, with approval of the School Board to have the discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds, or take any other action in relation thereto.

11 By Petition — To see if the School District will vote to instruct the School Board to rent the portions of the Dr. H. O. Smith School now being used by them in accordance with the conditions of the previous year, to the Hudson Lions Club, Inc., each Wednesday evening until the next annual school meeting, at a rental of \$25.00 per week.

12. By Petition of — Robert P. Lacoy, Alfred Gosselin, Sr., Willard Nadeau, and others; To see if the School District will vote to combine the school District Elections with the Town Elections, in accordance with State Statutes RSA 134:1, RSA 134:3, RSA 134:4, RSA 197:1, RSA 197:1a through RSA 197:1f.

13. To transact any other business that may legally come before this meeting.

Given under our hands at said Hudson, New Hampshire this 17th day of February, 1966.

R E P O R T
of an examination and audit
of the accounts
of the
HUDSON SCHOOL DISTRICT
for the fiscal year ended June 30, 1965
made by
THE DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
August 9 - 11, 1965

SUMMARY OF FINDINGS AND RECOMMENDATIONS

August 30, 1965

The School Board
Hudson School District
Hudson, New Hampshire
Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Hudson School District for the fiscal year ended June 30, 1965, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: June 30, 1964 — June 30, 1965:
(Exhibit A)

Comparative Balance Sheets as of June 30, 1964 and June 30, 1965, are presented in Exhibit A. As indicated therein, the Net Debt increased by \$484,412.59 during the fiscal year ended June 30, 1965.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the Fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits C and D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1965, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$19,-731.08, less a net overdraft of appropriations of \$8,518.87, resulted in a net budget surplus of \$11,212.21.

Summary Statement of Receipts and Expenditures: (Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1965, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance (General Fund Account), as of June 30, 1965, is indicated in Exhibit F.

Alvirne Farm Accounts: (Exhibits G, H and I)

Statements of the Alvirne Farm Accounts for the fiscal year ended June 30, 1965, are presented in Exhibits G, H and I.

Statement of Alvirne School Building Fund: (Exhibit J)

A statement showing the activity in the Alvirne School Building Fund Account during the fiscal year is included in Exhibit J.

High School Activities Accounts: (Exhibit L)

The High School Activities Accounts were examined and a summarized statement of these accounts is included in Exhibit L.

Statement of School Lunch Account: (Exhibit M)

A summary statement of the School Lunch Program Account is included in Exhibit M.

Statement of School Tax Account: (Exhibit N)

A statement of the School Tax Account with the Town of Hudson is included in Exhibit N. As indicated therein, as of June 30, 1965, the School District had received from the Town, the total of the 1964-65 School Tax in the amount of \$369,-

899.31, plus an advance on the 1965-66 School Tax of \$25,000.00. The advance is shown as a liability account in the balance sheet.

Statement of Bonded Debt: (Exhibit O)

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1965, showing annual debt service requirements, is contained in Exhibit O.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased from \$21,389.50 to \$11,976.91 during the fiscal year ended June 30, 1965, as shown by the following statement:

	June 30, 1964	June 30, 1965
Total Assets	\$ 26,097.54	\$360,154.90
Current Liabilities	4,708.04	348,177.99
	<hr/>	<hr/>
Current Surplus	\$ 21,389.50	\$ 11,976.91

Overdraft of Appropriations and Application of Municipal Budget Law:

It is noted that there was a net overdraft of appropriations amounting to \$8,518.87. In other words, total expenditures exceeded total appropriations by this amount, as indicated herewith:

Overdrafts of Appropriations	\$19,727.95
Unexpended Balances of Appropriations	11,209.08
	<hr/>
Net Overdraft of Appropriations	\$ 8,518.87
	<hr/>

In accordance with the provisions of the Municipal Budget Law (RSA Chapter 32 — Section 10), whenever occasion arises whereby it becomes necessary to exceed budgetary appropriations, application should be made to the State Board of Education by the School Board, with approval of the Budget Committee, for a certificate of emergency authorizing such expenditures to be made in excess of appropriations. This procedure was followed and a certificate of emergency was issued by the State Board of Education on June 16, 1965, granting authority to the School Board to make expenditures up to \$12,000.00 in excess of budgetary appropriations.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Hudson School District for their assistance during the course of the audit.

Yours very truly,
HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Edgar O. Pesquera, Auditor
George L. Russell, Accountant

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Hudson School District for the fiscal year ended June 30, 1965. In our opinion, the Exhibits presented herewith reflect the true financial condition of the School District on June 30, 1965, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,
HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Edgar O. Pesquera, Auditor
George L. Russell, Accountant

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The School Board and Citizens of Hudson:

The past school year has seen many changes develop in the educational pasture of Hudson. The Middle School Building Committee has been working for nearly one year developing plans for a new intermediate school which was voted with a million dollar bond issue at the last Annual School District Meeting. By the time this March meeting is held we hope that a contract has been signed and construction begun at the Central Street and Thorning Road site. It is expected that substantial completion of this construction will be in 1967 instead of September 1966, as was originally planned. Grades seven and eight have been transferred from the H. O. Smith School to Alvirne High School for this and probably next year. The second addition to Alvirne High School was completed. This addition now offers us a facility of approximately 80,000 square feet and will house nearly 1,200 pupils. The H. O. Smith School houses all pupils in grades 1-4 and the Webster School has grades 5 and 6.

Hudson has been and will continue to be faced with additional building needs. As our pupil enrollments increase and new classrooms are added we must constantly increase the size of our instructional staff. The competition for good classroom teachers is as keen today than it has ever been. Hudson must give budgetary priority to teachers' salaries if they are to attract and hold competent teachers. With increasing costs in debt service and instructional needs our operating budget is steadily rising. However, if we are to meet the needs of our school enrollments and maintain our educational program we must make greater commitments to support our growing budget needs.

We are pleased to note the following additions to our instructional staff:

Mr. John Powers, Woodbury, Conn., graduate of State College, East Stroudsburg, Penna., B.S. 1957, Penn. State College.

M.S. 1960, Vice-Principal of Alvirne High School.

Mr. Stephen Barnes, Plymouth State College, 1965, Spanish and English, Alvirne High.

Mr. John Bettencourt, Lowell, Mass., St. Anselm's College, 1965, Civics.

Mr. John K. Bixby, Northampton, Mass., St. Anselm's College, 1965, is teaching Science.

Mrs. Deborah Mackey, Hingham, Mass., graduate of Wheaton College, 1965 teaches History.

Miss Helen Jette, Manchester, Conn., B. Ed. Keene State College, 1964, M.A. University of Conn. 1966, U. S. History and Problems of Democracy.

Mr. Robert Kennedy, Dunstable, Mass., graduate of Lowell State College, B.A. teaching English.

Mr. William Lynch, Lawrence, Mass., Lowell State College, B.A. 1965, Grade 7 and 8 English.

Mrs. Valerie Merrill, graduate of Univ. of N. H., 1965, is teaching grade 7 and 8 Science.

Mr. William Minzner, Derry, N. H., grad. of Fitchburg State College, B.S. Ed. 1964, is teaching Industrial Arts. Previous experience Lawrence High School.

Mrs. Alma Lankhorst, R.N. a graduate of Elliot Community Hospital, Keene, N. H., 1947 assumed duties as a full time nurse at Alvirne, grades 7-12.

Mr. James Carlton, Rochester, N. H., teaches grade five at Webster School. Mr. Carlton is a graduate of Nasson College.

New Staff Members at Dr. H. O. Smith School include, Mrs. Clara Brown, Medford, Mass., B.A. Barrington College, 1965, additional grade two teacher due to increased enrollment.

Mrs. Maureen Bruce, Belmont, Mass., graduate of Perry Normal School, 1965, is teaching grade two.

Miss Diane Eaton, Methuen, Mass., 1965 graduate of Gordon College, grade 4.

Mrs. Anna Fifty, Manchester, B.A., University of P.R., graduate work at Notre Dame College 1964, grade 2 teacher.

Mrs. Elizabeth Fisher, Bedford, N. H., graduate of U.N.H. and additional courses at Mt. St. Mary and St. Anselm's College, is teaching grade 4.

Miss Nancy Haley, Winchester, Mass., 1965 graduate of Perry Normal School, grade one.

Mrs. Marilyn Hayes, Auburn, N. H., University of California, B.A. and M.A. 1965, is teaching grade one.

Mrs. Ruth MacDonald, Dracut, Mass., B.S. Ed., Lowell State College 1965. Grade 3 teacher.

Mrs. Kathleen Souza, Malden, Mass., graduate of Suffolk University, B.A. 1965, graduate work at Boston University and Harvard University is teaching grade one.

Mrs. Janet Tellier, Nashua, graduate of Perry Normal School, additional courses at Keene State College, grade two teacher.

Mrs. Gail West, Litchfield, Plymouth State College, 1962, assumed the third grade position.

As we look to the future needs of education in Hudson we must plan to fully implement a comprehensive junior high school program in our Middle School and plan for the days when additional school construction will be needed. These are not pleasant thoughts from a financial point of view but they are hard facts which should be understood and developed as planned progress instead of unavoidable misery. This can be best done by taking a sincere interest in our schools and keeping ourselves informed of progress in our community.

In conclusion I'd like to take this opportunity to thank the school board and instructional staff for their cooperation and loyalty.

Respectfully submitted,

CLAUDE H. LEAVITT

Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Leavitt:

The following paragraphs constitute my report as Assistant Superintendent in the School District of Hudson, New Hampshire.

The basis for today's and tomorrow's needs on the elementary and junior high levels is clearly the necessity of developing a total public school program, grades 1 through 12, consistent in both scope and sequence. An historical concern in the field of education has been the problem of articulating educational programs from grade 1 through grade 12. If this is to be accomplished, we can no longer think only in terms of the necessity of maintaining comprehensive high school programs, but also comprehensive junior high and comprehensive elementary school programs.

Great strides have already been taken by the people of Hudson toward committing themselves to the concept of comprehensive junior high and elementary programs. Full-time programs in the areas of music (vocal and instrumental), art, and remedial reading have already been implemented. Hudson's new Middle School will be built according to specific educational specifications which call for a highly developed comprehensive program for grades 5 through 8. The value of such a program to the children of Hudson will be inestimable both in terms of their present and future educational experiences.

The new science facilities to be included in the Middle School will prove to be an excellent investment. These facilities will make possible a science program which will rank among the finest in the State of New Hampshire. This program is already planned and ready for implementation. It is a program of teaching science in depth and one which will allow students active participation in the learning process.

It is important to emphasize that the school library of the future will become the center of the instructional program. Included within the new Middle School are spacious library facili-

ties. Here again, the people of Hudson have committed themselves to the comprehensive school concept. Modest school district support combined with expenditure of federal monies under Title II of the Elementary and Secondary School Act of 1965 in these vital areas will quickly provide an excellent library and resource center.

Hudson has already implemented a foreign language program on the elementary school level. Language laboratory facilities will be provided in Hudson's new building facility thus allowing children to complete French I before entering grade 9. Hudson's children will therefore soon have available a sequentially developed foreign language program from grade 5 through grade 12.

Of tremendous significance is that the people of Hudson have recognized the value of including Home Economics and Industrial Arts facilities within their new Middle School. It is extremely important that children of this age level be exposed to such educational experiences. Only in this manner can children's specific interests and aptitudes be discovered and hence used in properly guiding them in future educational and vocational experiences.

Guidance services, an essential component of a well-rounded comprehensive program, has been included in Hudson's elementary instructional program only to a limited degree. Federal monies, under the Elementary and Secondary School Act of 1965, will be utilized in expanding such services. This program is being designed to serve youngsters in grades 1 through 4 in both public and private schools. The primary function of this guidance counselor will be to become an integral part of the instructional team. As such, he will be concerned with the early identification of children's abilities. The counselor and classroom teachers will work hand in hand in the identification of strengths and weaknesses of individual pupils through diagnostic testing and counseling. Such efforts result in modifications of the instructional program as it relates to individual children and their needs.

An important function of an elementary guidance program is counseling, the process by which a pupil is helped by conferences to understand himself in relation to his developing and changing world. Included in this process are conferences with teachers and parents and the use of other school and community resources. Counseling provides professional assistance for each

individual by helping him to be more objective and realistic as he seeks self-understanding and self-development. Individual counseling helps the pupil interpret and relate facts about himself, school, family, friends, his world, and to apply this knowledge in solving everyday problems and to learn how to solve problems in the future.

Another essential component of a well-rounded comprehensive program is special education. Hudson currently maintains such a program for grades 5 and 6. Here again, federal monies under Title I of the Elementary and Secondary Act of 1965 will soon be used to extend special education services to children in grades 1 through 4 in both public and private schools. Approximately 30 pupils will be accommodated under this program.

Growth in enrollment has continued unabated and there is an urgent need for additional teachers. The general pupil-teacher ratio has grown to alarming proportions. It is well to be reminded over and over again that maintenance of high educational standards in the Hudson schools is dependent in large on whether or not instructional groups return to reasonable size. It is not unreasonable to plan a September pupil-teacher ratio of 25 to 1. Based on the current growth pattern, that ratio will have increased to 30 to 1 by November or December of 1966.

Respectfully submitted,

RAYMOND G. EDWARDS
Assistant Superintendent

PRINCIPAL'S REPORT

Alvirne High School

January 19, 1966

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Leavitt:

The program of studies at Alvirne High School has continued to expand, providing educational opportunities for all pupils. The periodic meeting of departments has maintained a constant evaluation of every program. Necessary changes are considered whenever department chairmen see the need. Furthermore, the proximity of the seventh and eighth grades has facilitated the coordination and continuation of carefully planned programs of study from grades seven through twelve.

Since the vice-principal, Mr. Powers, joined our staff and assumed certain duties, more time is available for classroom visitations. Consequently, the quality of instruction can be evaluated and techniques revised when the need arises. The closer cooperation between faculty and administration creates an atmosphere of mutual interest and professionalism.

The addition to the clerical staff has made possible the accurate maintenance of records and pupil accounting. The newer method of reporting grades to parents has made that task less tedious and more acceptable to the public. The expansion of the physical plant has provided needed classroom space and comfort.

Further growth can be expected in the very near future. With the groundwork laid, I am sure every new challenge will be met adequately and with dispatch.

Respectfully submitted,

Chester J. Steckevicz
Principal

DR H. O. SMITH ELEMENTARY SCHOOL

Webster School

In this, my first report as supervising principal for the elementary grades, I should like to briefly comment on notable areas in the total curriculum as well as offer some thoughts concerning the future direction of elementary education in the Hudson Schools.

It is becoming increasingly apparent that the elementary school must continue to explore new ways of providing today's youth with the broad understandings and specific skills that are essential for success in their future endeavors. Utilization of the instructional staff in an effective elementary school may include such organizational patterns as "team teaching", "departmentalization" or "continual progress". The term "discovery approach", a familiar one to the instructor of modern mathematics, is representative of modern instructional techniques.

In the Hudson elementary schools these terms might be used to designate existing practices. For example, at the Webster School "core subjects" such as reading or mathematics are taught by staff members specializing in these instructional areas. While at the primary level the teaching of social studies and science will utilize a team-teaching pattern.

The efforts of a trained guidance counselor as a part time member of the elementary school staff have not only been of immeasurable value but also accentuate the need for additional personnel in elementary guidance.

Communication between the home and school was portrayed by two meetings dealing with parent orientation and reporting pupil progress. These evening conferences were well attended and the interest shown was, and is, greatly appreciated.

As the enrollment in the elementary grades constantly increases it is both natural and necessary to focus attention on such budgetary items as student housing, transportation and educational materials in terms of a quantity-cost equation. Yet if our concern is with providing the best possible education for the children of Hudson then we can not subordinate the qualitative factor in our thinking.

The basic task of the elementary school is to provide children with a curriculum that will prepare them for the future by making them aware of the changes going on in our culture. The elementary school child of today will face problems not now envisioned or even realized by the adult members of society. Indeed, Margaret Mead, noted anthropologist, has pointed out that we must act as though one of today's children might reach the moon so that everyone will be ready for the world in which the moon will surely be explored.

With these thoughts in mind the challenge is great, our efforts can not be less.

May I take this opportunity to thank Mr. Leavitt, Mr. Edwards, the faculty and the people of Hudson for the assistance and cooperation given me.

Respectfully,

CARTER B. HART

Principal

REPORT OF THE DIRECTOR OF GUIDANCE SERVICES

January 15, 1966

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Leavitt,

All of the Guidance Services have been maintained throughout the past school year and have been made available to all Hudson pupils. Alvirne students have had the benefit of a full-time counselor and elementary pupils have had counseling services on a part-time basis through referral. Additional guidance personnel would assure the further extension of these services, especially on the elementary and junior high levels.

Pupil evaluation through a more comprehensive testing program has been established. The individual needs of students have been better assessed and met through the proper administration and interpretation of standardized test results. Individual and specialized testing has also been done to supplement the group testing activities.

Of particular significance is the fact that a counselor was made available during the summer months. Pupils were more carefully placed academically, since more time was available to better examine each child's particular needs and wants. New students entering the system were interviewed and evaluated in an unhurried manner. In addition, contact was maintained with graduates and prospective employers to help with job placement.

A continuation and expansion of the existing services will continue to be of primary importance. An extensive follow-up program and significant research activities will be projects for the coming year.

Sincerely,

JAMES J. CARAS,
Director of Guidance Services

REPORT OF THE SCHOOL NURSE-TEACHER

To the Superintendent, School Board Members
and Citizens of Hudson:

I would like to present my annual report as School Nurse-Teacher for the Dr. H. O. Smith, Webster, Alvirne and St. John's Schools.

Our school enrollment is growing rapidly with many new families coming into our community for the first time.

The duties and responsibilities of a school nurse are varied and numerous. She has many routine days and a variety of activities, some done regularly and frequently, others as they arise, not only to the students, but in my relationship with the teachers and others in the community.

The routine program includes weight and measurement of each student every year, inspection of heads and skin for evidence of any infectious condition, teeth and tonsils checked and a visual screening test given. All this information is recorded on a confidential health record. Sudden illness and emergencies are taken care of as they arise.

In the fall, over 550 students from Alvirne were given physical examinations by Dr. Dionne of Nashua. There were some physical defects noted and corrections made. This makes for a safer Physical Education Program, as all those participating in sports must have an examination. I still stress the importance of even a part time school physician.

The Tuberculin test by the Heaf method was done on over 770 students, teachers and cafeteria workers. Positive reactors were x-rayed, and I am happy to report we have no active tuberculosis in our schools.

In April 1965, a preschool clinic was held. 186 children were registered and physically examined. Vaccinations were done as required by law, also some re-vaccinations. Four Nashua physicians were in attendance.

Through the Lions Club, a vision screening program was carried out for preschool children in Hudson and surrounding towns.

In an unofficial way, I helped with Operation Headstart doing vision screening with two Nashua Optometrists.

With the State Nurse, an Immunization clinic for preschool children was held in March, April and May. At this time, Sabin Oral Vaccines were given, also shots for whooping cough, diphtheria and tetanus.

For the first time in this school we introduced the Proctor & Gamble's Dental Health Program in Grades 1 through 6. Coloring books were given to all students in Grade 1, tooth brushes and tooth paste to students in Grade 3. Demonstration in the proper technique of tooth brushing and mouth care was presented to all grades. Interesting posters and literature for all class bulletin boards were distributed.

After our last Town and School meetings, it was nice to realize that we would have another school nurse to help with our ever-growing school enrollment. I welcome Mrs. Alma Lankhorst, R.N. as of September 1965, as an addition to the school nursing staff. We will work together, and at this time she is working at Alvirne High School with Grades 7 through 12.

I wish to thank the many parents who have helped me during the clinics, also the various organizations who have made generous donations to our hot lunch and milk program, thereby helping to provide much needed additional nutrition. We have an excellent hot lunch program.

Respectfully submitted,

ANNE K. CHRISTOPHER, R.N.
School Nurse-Teacher

SCHOOL DISTRICT MEETING

ALVIRNE HIGH SCHOOL

March 6, 1965

Acting Moderator Ralph Kelley opened the meeting at 1:03 p.m. He read the warrant through Article 4, when Leo Bernard moved, seconded by Paul LeClair, to open the polls for voting on Articles 1-2-3-4 — so voted.

Moved and seconded by Bernard and LeClair to postpone action on the remainder of the warrant until 7 p.m., and so voted.

The acting moderator swore in Mabel Burnham, Esther Boucher, Dorothy Spalding, and Gertrude Loraine as ballot clerks, and voting commenced. He swore in Leo Bernard and Lake Munday as assistant acting moderators. Prior to counting the ballots, the then moderator, Lake Munday, swore in Lyn LeClair, Muriel Morrill, Leo Bernard and Paul LeClair as additional ballot clerks.

The meeting was reopened at 7 p.m. by Mr. Kelley. First item of business was election of a Moderator pro tem. Leo Bernard nominated Lake Munday, who was elected without opposition. Mr. Munday was sworn in by Mr. Kelley, and then assumed the gavel.

A 15-minute recess was called so that the number of voters on the stage might thin out.

The meeting reopened at 7:18 p.m. Rev. Dumas gave the invocation and the flag salute was led by Mr. Edward McLavey.

Moderator read the warrant through Article 7, where it was voted to suspend the reading. Leo Bernard moved to take up all articles in rotation except Art. 12, which should be considered after Art. 17 — seconded & voted.

Article 5. William Roberts moved to approve reports of agents, auditors, and committees or officers chosen, as printed in the town report, seconded by several. Reports alluded to were on pages 106 through 117 and 120 through 147.

John Bednar moved to amend Article 5 "so that we receive report of Hudson School Bus Transportation Committee." Amendment was accepted, and amended article accepted.

Article 6. Moved by William Roberts "that we choose a site and building committee consisting of 9 members to imple-

ment Article 12, said committee being empowered to investigate and recommend the selection of a suitable site for the middle school, and to aid in the preparation of plans and specifications for the middle school; all of the plans, specifications and the site selection to be subject to the approval of the school board in accordance with Chapter 199:1, New Hampshire Revised Statutes Annotated; and I nominate Royce Albee, Vincent Braccio, Paul Buxton, Maurice French, Joseph Gonda, John Lawrence, Paul LeClair, Philip Rodgers, and Leonard Smith."

John Bednar offered an amendment to delete the word "middle" and insert instead "suitable." Leo Bernard suggested "Grades 5 through 8" instead of "middle" and the word "stated" be substituted where "middle" appears later in the same sentence. Brief discussion ensued, and then the original motion was passed, unchanged.

Leo Patrick objected, saying he had had a question on the motion, and the moderator voided the vote. Following question and comments as to qualifications of individuals on the committee, Harrison Smith moved to amend Mr. Bednar's amendment so as to return to the original wording, and Mr. Patrick offered an amendment so that the word "middle" would be deleted. Both amendments failed, and the amendment itself was accepted, thus returning to the original wording. Article 6 was then accepted.

Article 7. Edward McLavey moved adoption of Article 7 in the amount approved by the budget committee, pages 104-105 of the town report, subject to money articles in the warrant. After brief discussion, the motion was adopted.

Article 8. Paul LeClair moved adoption of this article — seconded — no discussion, and voted to accept it.

Article 9. Leo Bernard moved adoption of this article — seconded. Considerable explanation by Mr. Bernard in great detail; i.e., duties, salary involved and Hudson's share (Note: percentage breakdown is Hudson 32.5%, Bedford 23.4%, Merri-mack 23%, Pelham 16.5%, Litchfield 4.6%.), etc. All towns in the district except Litchfield would have to vote for the proposal for it to pass.

Mr. Bednar, Mr. Bernard, Mr. Ramsay, Mr. Leavitt, and Willard Nadeau spoke pro and con, after which the article was accepted by vote.

John Lawrence submitted the following resolution:

"Be it resolved: that the school board be instructed to investigate the possibility and procedure to carry out the withdrawal of the Hudson School District from Supervisory Union 27, to operate with its own superintendent and staff, concentrating on the administration of Hudson schools only. The results of their findings are to be reported at the next annual meeting."

Mr. Leavitt said that Salem had tried to do this but was refused permission. Following brief discussion, the resolution was accepted by vote.

Article 10. Paul LeClair moved adoption of this article, seconded by Edward McLavey, and explained that the school board members want moral support for the 1 1/2 mile figure instead of 1 mile as requested by some people (the authority already being theirs, in any case). It was voted to accept the article.

Article 11. William Roberts moved adoption of this article, seconded by Leo Bernard. Discussion at length by several voters. Mervin Nevens moved to table the article for one year, and his motion was accepted by vote.

* * *

A 15-minute recess was declared at 9 p. m.

Meeting reconvened at 9:20.

Article 13. Paul LeClair moved adoption of the article, seconded by Paul Buxton. Voted: to accept the article.

Article 14. William Roberts moved adoption of the article, seconded by several, and then spoke in favor of his motion

Moderator Munday relinquished the gavel to go on the floor and answer questions from a Mrs. Kazlauskas regarding location of the proposed junior college, amount of land required, any effect on the vocational agriculture program at Alvirne, etc.

Dr. Quigley offered as an amendment to insert, after the words "take all necessary action" the words "to execute a long term lease and . . . " Seconded by William Roberts. Considerable further discussion, and the amendment was accepted by vote.

Following further discussion, a voice vote was taken. It being in doubt, a division vote was called for. The vote: 124 in favor, 103 opposed, so the amended article carried.

Article 15. Philip Rodgers moved to table, but his motion

was not accepted. John Bednar moved adoption of the article and spoke in favor. Mr. Rodgers again moved to table the article, and his motion was seconded. Following remarks from Leo Bernard, John Lawrence, Kenneth Clark, and Mervin Nevens, the Moderator declared himself reversed, and refused to accept the motion to table.

Previous question was moved, seconded, and voted. Mr. Bednar requested a secret ballot after the vote was taken but was refused. He claimed that the Moderator deliberately failed to recognize him before the vote.

Article 16. Moved by Clayton Smith and seconded to accept Article 16. Brief discussion on some objectionable features of Bingo being played in the school hall. Mr. Smith said that in view of the pending clubhouse/youth center building planned by the Hudson Lions Club, they may need the school hall for only one more year. The article was then accepted.

Article 17. Leo Bernard said we would have to adjourn this meeting to another special meeting to vote on Article 12. Motion offered by Mr. Bernard to reconsider all articles 1 through 17 except #12 — seconded — defeated. He then offered the following resolution:

"Resolved, that this meeting go on record as approving the adoption of Article 12 as printed in the Warrant." Dr. Quigley seconded and spoke on the article, questioning whether an amount of money could be specified. Mr. Bernard said this was only a resolution — its purpose to instruct the State Legislature as to what action we would probably take if any action could be taken now. (There is a bill in the legislature that would authorize exceeding the debt limit, but it is still in committee.) He then gave a lengthy, detailed talk with background material on the need for more classrooms.

John Bednar spoke at length in opposition and requested that two questions be asked: (1) do we want a school, and (2) do we want to spend \$1,000,000 for this school. Dr. Quigley was in favor of these two questions and Mr. Bernard agreed to them, then withdrew his resolution.

Division vote was requested by William Roberts on these questions: (1) Resolved: that we should build a school. Vote was unanimous in favor. (2) Resolved: that this meeting go on record as approving the adoption of Article 12 as printed in the Warrant. A secret ballot was requested, and Robert Costello

and Ed Brackett were appointed to help count votes.

Mr Bernard offered the following resolution:

Resolved: that the Clerk of the District be instructed to advise the Representatives of the Town of Hudson, the Senator of our District and the Governor of our State, that it is the will of the voters of the Hudson School District here assembled that House Bill 326 entitled 'An act to authorize the Hudson School District to vote on the construction of a school building and to authorize the issuance of bonds for the project at a school district meeting, be promptly adopted in order that the article may be considered by the voters on April 3, 1965.'

Mr. Bernard moved adoption of the resolution, it was seconded, and accepted by unanimous vote.

Result of the ballot was then announced as 154 in favor, 31 opposed, and the resolution was declared accepted.

Mr. Bernard moved that the meeting adjourn, to reconvene at the same location at 7:30 p. m. April 3, 1965 to take action at said time on Article 12. Seconded, and voted in favor.

Announcement of Ballot

Total votes cast — 475.		
For Moderator	Lake Munday (elected)	426
	John Bednar	18
For Treasurer	Donald Shepard (elected)	335
For Clerk	Roger M. Boucher	136
For School Board Member	Ralph A. Kelley (elected)	434
	Ralph A. Kelley (elected)	440

SPECIAL SCHOOL DISTRICT MEETING

ALVIRNE HIGH SCHOOL

Saturday, April 3, 1965

Moderator Lake Munday opened the meeting at 7:32 p. m. He read Article 12 of the Warrant for the adjourned school district meeting of March 6, 1965, as follows:

"12. To see if the District will vote to construct, equip and furnish a middle school and to acquire a site therefor; and to appropriate a sum not to exceed One Million Dollars (\$1,000,000.00) for the aforesaid purposes, said sum to be in addition to any state or federal funds made available therefor; and to raise said sum by the issuance of bonds or serial notes not exceeding One Million Dollars (\$1,000,000.00) in principal amount, in accordance with the provisions of the Municipal Finance Act, Chapter 33 of the Revised Statutes Annotated, as amended; and to authorize the District Treasurer with approval of the Hudson School Board to issue and sell said bonds or notes in the name of and on the credit of the District, said District Treasurer, with approval of the School Board to have the discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds, or take any other action in relation thereto."

Leo Bernard moved adoption of the article — seconded by several.

Edward McLavey, chairman of the Budget Committee, read the following motion which was adopted by this committee on February 14, 1965:

"Moved that Article 12 of the Warrant for the Annual School District Meeting, to be held March 6, 1965, is hereby approved and that the appropriation of \$1,000,000.00 for the purpose of said Article is specifically approved. Such sum of money is to be raised by a bond issue under the provision of RSA 33 (Municipal Finance Act).

(Signed)

Edward McLavey, Chairman
Leo N. Bernard
William E. Abbott
Roger M. Boucher
Ernest McCoy
Robert C. Lynch
Maurice R. French
Roger A. Laquerre
Willard J. Nadeau"

Leo Bernard then spoke at length and answered questions from the floor as to the reason for this special meeting, amount of our present bonded indebtedness, explanation of cost breakdown, number of pupils planned for (Note: an estimate shows that by 1974 the school will hold 800 students), effect on the tax rate (estimated at \$8.00 per thousand), sites under consideration (5) and their cost, etc.

Statements for and against the proposal were made by several voters. At length the question came to a vote (ballot vote requested, without use of checklist). Moderator appointed Helen Gonda, Josephine Stout, Raymond Gendron and Maurice Viens as ballot clerks, and explained the voting procedure. Ballot was then taken. The result: 155 in favor, 29 against, and the article was declared accepted.

Kenneth Clark offered the following resolution:

"Be It Resolved: that the School Board is hereby directed to hold a public hearing in the time interval between the time that final plans and specifications have been completed and a site selected, and the time that the building is put out to bid. At least seven (7) days' notice shall be given as to time and place, and adequate public notice — radio, newspaper, and posting — shall be made." Seconded, and accepted.

A second resolution was offered by Mr. Clark:

"Whereas, the Hudson School District is currently under contract with the Pelham School District to accept high school students from that town on a tuition basis for a minimum period that includes the school year 1968-1969 and a maximum period that includes the school year 1970-1971, and

"Whereas the course of future events may suggest an extension of the present contract beyond the present contract date, it is hereby

"Resolved: that the Hudson School Board is directed by the Hudson School District to ascertain by, and report to, the next annual district meeting the cost of engaging an independent, recognized professional firm of research consultants to prepare and present a report describing in detail the economic and other ramifications of a continuance of the present policy whereby Alvirne High School is a receiving school for smaller area towns."

Moved, seconded, and voted to accept the resolution.

Meeting adjourned at 10:30 p. m.

SPECIAL SCHOOL DISTRICT MEETING

DR. H. O. SMITH SCHOOL

Thursday, December 16, 1965

Moderator Lake Munday opened the meeting at 8:00 p. m. and read the two articles in the Warrant:

"Article I: To see if the district will vote to accept the provisions of Public Law 89-10 designed to improve educational opportunities with particular reference to children of low-income families, and to appropriate such funds as may be made available to the district under said school board. Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such projects as it may designate.

"Article II: To transact any other business that may legally come before this meeting."

Donald Shepard moved that Article I be passed, seconded by John Lawrence. Mr. Shepard then spoke in favor of the article (Note: The sum of money involved is \$16,420.00.) and responded to questions from the floor. Points brought out: the school board wants to use this money for pupils in grades 1 to 4 — about 30 children to be helped full time, possibly an additional 100 to benefit to a lesser degree — the law runs for 3 years — any question of stigma on pupils involved was dismissed by Dalton Blodgett, a Hudson teacher, as unfounded — for the school years 1966-67 and 1967-68 the funds will be \$20,000 each year — the term "deprived" means not only financially deprived, but also culturally and physically deprived. Various individuals spoke for and against the need for this program.

A secret ballot was taken, and the result: Yes 23, No 13. Moderator Munday declared the article accepted.

There being no other business, the meeting adjourned at 9:02 p. m.

REPORT OF THE SCHOOL BOARD

This report can be termed a report of accomplishment. It shows progress in all areas of education. The following shows some of the major accomplishments:

1. Completion and occupancy of the addition at Alvirne.
2. Land purchased, plans drawn and approved, bids in and accepted, for proposed million dollar "Middle School". Construction about to start.
3. Developing and implementing expanded program in guidance with federal aid under Title I as adopted at special district meeting.
4. Proposing eight new teachers to handle increased enrollment. This increase in professional personnel indicates growth rate, and we can expect this to occur more and more.
5. Proposing new salary guide with \$4,800 minimum for new teachers. This is most necessary to recruit and retain qualified people.

This has been one of the busiest years for the board, with almost continuous meetings especially in the area of school construction. Your building committees have done an outstanding job, and when the buildings are completed, we feel you people will be very proud of your schools.

Our thanks are extended to all people who worked with us, namely:

Budget Committee
Alvirne Trustees
Alvirne Building Committee —
 Leonard Smith, Chairman
Middle School Building Committee —
 John Lawrence, Chairman
Planning Board

Special thanks to our transportation coordinator, Mr. James Marrion who has done an outstanding job.

We are most fortunate at this period of rapid expansion and challenging problems in education to have the services of a most able and efficient administration headed by Claude Leavitt, Supt. of Schools. His counsel and advice has been very beneficial to the Hudson School District.

It was with regret that we accepted the resignation of one of our members, Leo N. Bernard, who moved from the state for business reasons. His place has been ably filled by the return to the board of long-time member John P. Lawrence.

Your support and assistance is a necessary part of the educational program. We are grateful for your past support and welcome your future support. We invite your questions and comments.

Respectfully submitted,

WILLIAM L. ROBERTS, Chairman
DONALD C. SHEPARD, Clerk
JOHN P. LAWRENCE
